Model No.
OB-510
Series 500

Dimensions
36″L x 24″W x 16.5″H
Seat: 25.5″W x 15.5″D x 15″H
Approx. 31 lbs

Fiberglass Shell
Marine-grade fiberglass
Glossy gel coat finish

Performance Upholstery
Marine-grade textile
Quick-dry cushion core
Woven vinyl-coated poly (backside)

Custom Options
Inquire for additional color options
RAL K5 Classic system used for custom color matching

Lead Time
2-4 weeks for standard catalog finishes
4-6 weeks for custom color / COM

Warranty
5-year limited structural warranty on fiberglass shell
3-year warranty on engineered cushion / upholstery

FIBERGLASS SHELL

Technical Specs

www.sun-set.us

Sand – 1015

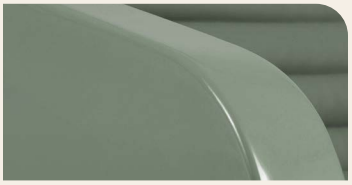

Ochre – 1024

Terracotta – 8023

Sangria – 3011

Tide – 7033

Palm – 6025

Closed-mold fiberglass construction with marine-grade gel coat finish. Gel coat pigment is bonded into the resin for long-term durability. Glossy, UV-stable finish resists peeling, chalking, and fading. Engineered for exterior hospitality and commercial environments.

Manufacturer Resources

Resin System Specifications

Sustainability

- ISO-certified marine resins
- Formaldehyde-free resin system; VOC-compliant gel coat

Performance

- Closed-mold composites built using marine-industry processes
- UV resistance: 1,500 hours, ASTM G154
- Colorfastness: Delta E < 2 after accelerated weathering
- Impact resistance: ASTM D256 — Pass
- Water absorption: < 0.25%, ASTM D570

Maintenance & Care

- Wipe shell with mild soap and water; no abrasive cleaners
- Store indoors during extended freezing conditions
- Gel coat field repair kits available upon request

Textile Specifications
Maintenance Guide

Sustainability

- Textile made from a synthetic polymer derived from quartz sand
- Sustainably produced without the use of solvents or plasticizers
- Low VOC, PVC-free, phthalate-free, PFAS-free

Performance

- 100% silicone-infused textile
- Abrasion: 200,000 Wyzenbeek double rubs
- Lightfastness: 1500 hours
- Resistant to ink and denim dye transfer
- Inherently fluid blocking, antibacterial, mildew resistant
- Meets requirements:
  CA TB117-2013, BS 5852 Crib 5, IMO FTPC 8.3.1 / 8.3.2

Maintenance & Care

- Store indoors during extended freezing conditions
- Allow to fully air-dry before storage
- Spot-clean with diluted bleach or household stain removers
